EDUCATION

Indraprastha Institute of Information Technology, Delhi (IIIT-D) <i>B.Tech, Computer Science & Artificial Intelligence; Minor in Entrepreneurship</i>	Delhi 2021 – 2025
Modern Child Public School <i>CBSE Senior School Certificate (12th)</i>	New Delhi 2021

TECHNICAL SKILLS

Languages: Python, TypeScript, Java, C, C++, Prolog, HTML, SQL

AI/ML & Data Science: Deep Learning, NLP, Large Language Models, RAG, Agentic Systems, Voice AI, Multi-task Learning, Computer Vision, Reinforcement Learning, Walk-forward Backtesting, Survival Analysis, Statistical ML, Meta Learning, Federated ML, Digital Image Processing, Intelligent Systems

ML/DL Frameworks: PyTorch, LangChain, Transformers, FastAPI, Playwright, Whisper, TFT, XState, ChromaDB, MLflow, Optuna, Hydra, ONNX, CUDA, XGBoost, Fairseq, scikit-learn, SentencePiece, Selenium, React, LibGDX

Product: Product Strategy, Roadmapping, PRDs, Sprint Planning, Agile/Scrum, Go-to-Market, A/B Testing, User Research, Stakeholder Management, KPI Tracking, Cross-functional Leadership, AI Governance, Latency/Cost Optimization

WORK EXPERIENCE

- **AI Product Manager | Times Internet Limited** Jul 2025 – Present
 - Architected and deployed 15-microservice voice-AI calling platform to production (Whisper ASR + LLM dialogue + TTS, XState orchestration on NVIDIA GPU inference); Dockerized across 3 deployment modes (Cloud/Local/PersonaPlex), shipped to 36K+ live sales calls at <700ms voice-to-voice latency driving 3x outbound volume.
 - Built and deployed agentic-RAG market-intelligence platform as containerized FastAPI daily-signal service: 14-metric fundamental scoring + 26+ technical indicators + NLP sentiment over 131K-record NIFTY backtest; drove daily trading-desk adoption and portfolio rebalancing.
 - Shipped 3 production AI automation products (web-automation framework — 500K+ live form submissions; multi-LLM content pipeline; FastAPI image-classification API with CLIP/BLIP/DETR ensemble), Dockerized for one-click client deployment, cutting manual ops effort 40%.
 - Established AI deployment and monitoring framework (latency P50/P95, accuracy, cost-per-call) with MLflow experiment registry and production dashboards across all shipped features, instituting launch → measure → retrain cadence.
- **ML Engineering Intern | Scrap Uncle** May 2025 – Jul 2025
 - Engineered multimodal damage-assessment pipeline combining video-frame extraction and text defect descriptions to classify product condition at scale, replacing manual inspection in recycling quality workflows.
 - Shipped real-time AI voice chatbot (streaming ASR + LLM + TTS) for customer interaction, cutting support response time and improving first-contact resolution.
- **Research Intern | SBI Labs, IIIT-Delhi** May 2023 – May 2024
Guide – Dr. Anubha Gupta
 - Developed and benchmarked 6+ ML/DL models for survival analysis on the Framingham Heart Study dataset (Cox PH, Random Survival Forest, DeepSurv, Graph CNNs, DeepHit, ADA Boost).
- **Research Intern | ECE Labs, IIIT-Delhi** May 2023 – Jul 2023
Guide – Dr. Rahul Gupta
 - Developed a Greeting Bot for ECE labs using NLP and LLMs, achieving 85% intent-recognition accuracy.

PROJECTS

ET Home-Page Personalisation – AI Feed Product

2026

Python, Azure OpenAI, GPT-4.1, Spark, LightGBM, Druid

- Led home-feed personalisation product at Economic Times: 7-stage pipeline (Denmark CMS webhooks -> 16 LLM prompts for content enrichment -> 7-component scoring -> 5-vector user affinity -> rule-engine matchmaking -> 30-slot template -> BFF delivery); 80% per-article cost reduction (\$0.008 vs \$0.04), 74% LLM card latency cut (2.2s), shipping Mar 31 2026 across 3 user cohorts.

Quant Research Lab – Indian Equities

2025 – 2026

PyTorch, Transformers, TFT, Hydra, Optuna, MLflow

- Built and deployed end-to-end ML quant research stack for 1,500+ Indian equities: Transformer + Temporal Fusion Transformer + Ridge baselines, 22-fold walk-forward backtest -> 1.03 Sharpe, 68% win-rate, 562K-param TFT variant.
- Productionized with Hydra configs, MLflow experiment registry, HTML report pipeline, and 496 pytest CI — enabling reproducible one-click retraining and deployment to internal research workflows.

AI Video Generation – Masterclass Clipper

2026

Python, Deepgram, Faster-Whisper, Claude, Gemini, FFmpeg, MediaPipe, Remotion

- Built AI pipeline extracting 30-90s promotional clips from 7-8h masterclass recordings: Deepgram / Faster-Whisper transcription -> Claude + Gemini pedagogical-arc analysis -> FFmpeg + MediaPipe face-tracking reframing -> Remotion motion-graphics composition; \$4-6 per 8h video, 3K-9K clips per 100 source videos.

Hodophile Voucher Pipeline

2026

FastAPI, Gemini 2.0 Flash, Playwright, Docker, Cloud Run, BigQuery

- Shipped production GenAI pipeline to GCP: extracts structured hotel/flight data from multi-format inputs (PDF/Excel/Word) via Gemini 2.0 Flash, renders branded PDF vouchers with Playwright Chromium, deployed on Cloud Run with BigQuery data warehouse and tiered auth.

Cement-Concall RAG

2026

LangChain, ChromaDB, Python, LLMs

- Built RAG system over cement-sector earnings-call transcripts using LangChain + ChromaDB; retrieves and structures financial guidance signals (capex, margins, outlook) for analyst workflows.

Research-to-Commercialisation (R2C) Platform

2024 – 2026

React 19, TypeScript, Firebase, Llama, Mistral, Playwright

- Designed and built full-stack AI platform matching academic research to industry needs: Llama/Mistral-powered semantic matching backend + React 19 + TypeScript + Firebase frontend with role-based access, study exploration, and meeting-request workflows.

LEADERSHIP & SERVICE

Student Council, IIIT-Delhi: Technical Secretary | **CyFuse (Tech Club):** Founder | **AI Summer School:** Organizer

E-Summit x RIISE (Research & Entrepreneurship Fest): Organizer | **Teach Like Friend:** Mentor & Coordinator | **MTech/PhD and B.Tech Induction:** Organizer

Summer Camp (For underprivileged school students): Coordinator | **Self-Growth (Yoga, Taekwondo, Badminton):** Coordinator | **Odyssey (Cultural Fest):** Organizer

Esya (Technical Fest): Organizer
